WE HAVE BEEN LISTENING TO THE FUTURE
SINCE 1968 AND WE REPRODUCE IT
IN ADVANCE.

Sound Corporation was established in 1968 and today is a group leader in the field of professional sound systems, exporting its products to more than 30 countries world-wide.

Sound Corporation group is proud that it can boast of a socio-technical-system (people, structure and processes) that is entirely **Italian**.

The research laboratories, engineers and project technicians, the electro-acoustic department, quality control and post-sales assistance are the real force of the organisation and they lend support to the group's business units in all the multiple aspects by the very professional execution of their varied activities, with one sole objective:

“complete and total satisfaction of the customer”.
